

PATTY BENSON an illustrator, author, graphic designer and creator of the award-winning comic *Adventures in Momming*. She loves creating quirky, lovable characters in a fun, graphic style. Her kid lit mission is to make kids (and their grown ups) laugh. A lot.

“ I LOVE TO ILLUSTRATE stories bursting with humor and heart. My happy place is bringing little characters with big emotions to life with bold line and color. And, if there’s an opportunity for hand-drawn type, then I’d be the happiest illustrator on the planet. ”
