

RENÉE KURILLA is the #1 *New York Times* bestselling illustrator and author-illustrator of over fifty books, with more on the way! She loves nature, flowers, tiny DIY crafts, yoga, and ... books! She lives near Boston with her husband and young daughter, who doesn't mind when she borrows the crayons.

I LOVE projects that keep me learning and push me just a little bit out of my comfort zone artistically. I'm interested in creating short stories with some of my characters and compiling them into chapter books for very early or newly independent readers.
